MILANO JEWELRY WEEK - OCTOBER 2025

## Milano Jewelry Week | 18-20 oktober 2025 | Milaan – Italië

### LunaLotta presents DAMAST @ Milano Jewelry Week

Delighted to share the participation of @lunalotta\_jewellery from the Belgium in Artistar Jewels 2025.

"As a goldsmith, Lieselot Geeregat, creates timeless jewelry that is more than jewelry: it's a memory, a story, a piece of you.

It's all about stories and connection. Inspired by nature & with a deep love for art and storytelling, Lieselot crafts jewelry that is timeless yet deeply personal. She is not only a goldsmith or jewelry designer, but a 'giver', someone who makes emotions tangible in the form of jewelry.

LunaLotta strives to design timeless jewelry that's also sustainable and ethical. This collection is crafted from Damascus steel with silver. Its fragmented design reflects the cracks within our soul – moments of pain, loss, or transformation. Like the Japanese art of Kintsugi, where broken ceramics are repaired with gold, these pieces are rejoined to form a new, stronger whole. Beauty is found not despite the fractures, but because of them. These pieces remind us that healing can be art – and wholeness, a bold statement."

Ready to be amazed by their creations.
